October 23, 2009

Dear Teacher Education Program Director:

The North Carolina Council for the Social Studies is proud to sponsor the **Student Teacher Scholarship** to be awarded on February 25, 2010 in Greensboro, NC. Any student who will be student teaching in social studies in 2010 or 2011 is eligible to apply. The scholarship amount is \$1,000.00 and is paid directly to the recipient.

Please help us in publicizing this scholarship by making the enclosed application form available to students who meet the scholarship criteria. The scholarship will be awarded during the President's Reception, 5:15 p.m. at the NCCSS conference on Thursday, February 25, 2010.

Scholarship applications must be postmarked no later than December 15, 2009. Applications require an official transcript and letters of recommendation, so please make them available in time for students to complete the application process.

The NCCSS supports social studies education at all levels. The Council extends an invitation to pre-service social studies teachers to attend the annual social studies conference on February 24-26, 2010 at the Koury Convention Center in Greensboro. We feel it is important for pre-service teachers to become aware of professional organizations such as the NCCSS. A reduced registration fee is extended to all college students.

Thank you for your assistance with this scholarship, and I hope to see you and your students at the conference in February. If you or your students have any questions, please contact me.

Yours truly,

Steven M. Weber, Chair
Scholarship Committee
North Carolina Council for the Social Studies
